Classification I - Jewelry and Lapidary Work

Allowable

1. Organic and stone materials
 - a. Shell and natural organic materials such as bone, wood, natural stones, e.g. turquoise, coral, lapis, other natural untreated stones and gemstone.
 - b. Natural pearls, finished stones, and gemstones in cabochon and faceted shapes in metal setting.
 - c. Metals: All non-plated metals are allowed and must be clearly identified, e.g. silver, brass, gold. Gold must be at least 14kt.
 2. Commercially available glass beads and undyed pearls must be restrung and used in combination with significant handmade components made by the artist.
 3. Cast jewelry (including sand, cement, wax, tufa, and cuttlebone)
 - a. Mold must be handmade, hand-carved and poured by the artist.
 - b. Wax carving and lost-wax casting may only be used for one-of-a-kind items.
 4. Commercial chain may be used as a finding with handcrafted items but may not be sold separately. Allowable findings for the purpose of Indian Fair & Market are defined as "an integral part of the finished product that adapts the product for wearing or use." Examples of allowable findings are jump rings, earring backs, clasps, barrette clips, money clips, hooks and eyes, leather for bolo straps or concho belts.
 5. For shell and bead makers only: Single bead/cone combination to finish ends of necklaces or earrings.
 6. Fossilized ivory
- Because of space limitations, earring and ring stands are allowable, but not mannequins or other large stands.
- All jewelry entered for Juried Competition must be designed and hand-made by the artist. Jewelry for sale during the Fair must be designed by the artist but may be fabricated by an artisan under the direction of the artist. These items must be isolated on the display table with a visible sign stating: "Designed by Artist, Crafted by Studio". No mass-produced items are allowed.
